

WHITTARD OF CHELSEA

CELEBRATING FINE TEA & COFFEE
SINCE 1886

5th November 2008

To Whom it May Concern:

REF: FINE Architecture Ltd. – Architectural Services provided to Whittard of Chelsea Sept/Oct 2008

Timothy Crum has provided superlative service and attention to detail in the provision and coordination of comprehensive sets of concept and detailed drawings for our new flagship store at Westfield, White City.

He has worked with panache, promptly, to extremely tight deadlines (two weeks) and spearheaded the intense liaison needed with Westfield's Design Approval Team.

Excellent visualisations and hand perspectives have also been realised to enable the Whittard Head Office Team to properly understand the new concept.

I would not hesitate to recommend FINE Architecture to future clients needing the security of speedy and very thorough architectural work together with highly professional coordination/liaison with local authorities and landlords.

Andrea Hewer

Project Development Manager, Whittard of Chelsea Ltd.
